

**REPORT OF THE  
DISCIPLINE AND APPEALS COMMISSIONER  
OF THE  
ROCKY MOUNTAIN LACROSSE LEAGUE**

October 7, 2022

This season was a relatively quiet season with respect to matters coming to the Discipline and Appeals process.

There were two matters, both in Senior "C". The first was based upon on floor conduct which had occurred in a previous playing season and was held in abeyance pending potential legal action which did not materialize and the second was a "Code of Conduct " matter arising out of a breach of the Social Media Policy.

The first was dealt with at a hearing and the second without the need for hearing based upon the acknowledgement of the breach by the offending team, who was very forth right and cooperative with respect to the matter, acknowledging their breach.

I would like to thank the Discipline Representatives who took time out of their schedules to volunteer and sit on the Panels, without the participation of these volunteers the process would be unable to function.

Respectfully submitted,

John Tyrrell  
RMLL Discipline and Appeals Commissioner
