

Annual Report of the RMLL President  
 Duane Bratt  
 September 2023

The RMLL had 52 teams in 2023. This was the same number as 2022, but there were a few adjustments. We added the Westlock Rock JrB Tier II team, but lost the Calgary Cougars Major Senior Women’s Lacrosse. This ended the major senior women’s lacrosse divisions, hopefully this can be reconstituted in the future to give players over the age of 21 a place to play. We had 1433 registered players, of which 1324 were in Alberta. We had 103.3% from 2022 and 93% from 2019. We had 57 teams, of which 52 were in Alberta.

Although RMLL teams ultimately met the minimum standards for coaching, it was complicated and some of the, were only achieved with hours to spare and creative solutions. There remain some challenges in the roles/responsibilities between the ALA and RMLL over monitoring coach certifications.
